## Athlete Guide

### Important Notes for Spectators:

This is a race and some competitors will be biking and running very fast. Because of this, extra care is required when moving around to watch the different parts of the race. **PLEASE** look both ways at least twice before crossing any part of the course and stay on the spectator side of the caution tape fence around the transition area.

Please review the course map with your athlete prior to race morning. **THE COURSE HAS CHANGED SLIGHTLY AT THE REQUEST OF THE HOA. It is important you familiarize your athlete(s) with the current course.** If you are able to go out and ride the course with your athlete, it is an excellent way to familiarize them with the course.

### Timeline:

**7:45-8:30** Arrive and check-in/packet pickup

**7:45-8:40** Setup transition area

**8:45** Athlete briefing

**8:55** Enter fenced pool area and line up on the pool deck

**(Estimated) 9:00** First Swimmer enters the water

### Swim:

The swim will be a time trial start (one swimmer at a time) with 10-20 seconds separation between the athletes. The order of start will be based on the swim time provided during registration.

### Transition 1:

Exit the pool and run out to parking lot to bike rack (shoes may be put on just outside fenced pool area off the path). In transition area, put on clothes, only shoes are required, shorts and shirts are optional. Walk or run bike to mount line. Get on bike. Ride straight out of parking lot on Lafayette toward the FIRST RIGHT turn on Wellington (NEW LAST YEAR).

### Bike:

6-10 year-olds, one lap

11-15 year-olds, three laps

**Please make sure your athlete knows how many laps they are doing. Their age is the age they are on December 31st, NOT the age they are on race day.** After the first lap, the 6-10 year-olds will turn

right on Lafayette and return to the transition area.

The 11-15 year-olds will cross Lafayette on Wellington and start the subsequent laps. They will turn right on Lafayette after completing the third lap only.

### Transition 2:

After returning from your ride, dismount the bike at the dismount line. Riding your bike into or around transition is never permitted and may result in disqualification. This rule is for everyone's safety. After racking your bike and changing any clothes you wish to change, exit transition towards the run out chute to begin the run. Make sure your bib number is on and visible.

### Run:

6-10 year-olds will run one loop

11-15 year-olds will run two loops

As with the bike, run past the driveway for additional laps. Make sure you run the appropriate number of laps for your age group. After entering the parking lot, make your way to the finish line.

### Finisher Medals:

All athletes that complete the appropriate number of lengths in the pool and distances on the bike and run will receive a custom finisher medal. There is no time limit to complete each leg of the race, however all athletes must finish the race 80 minutes from when they started the swim, not when the first swimmer started the swim.

### Series Awards:

Athletes will earn points based on their completion and where they place within their category. Each participants three best finishes will be used to determine their placement in their category for the series. Athletes are not required to do three or more races, however it does increase the likelihood they will receive a series award. Awards will be given to the top three finishers in each category at the end of the season.
